LAKE AND PENINSULA BOROUGH
CANVASS COMMITTEE MEETING MINUTES
October 15, 2012

A. CALL TO ORDER

The Canvass Committee meeting was called to order by Mayor Alsworth on Monday, October 15, 2012 at 11:30 a.m. The Mayor explained that the Canvass Committee is the Assembly, minus those running for office. Of the three present, they chose Randy Alvarez to chair the committee. The Mayor then turned the meeting over to Chairman Alvarez and the Mayor seated himself as an audience member.

B. ROLL CALL

A quorum was established with Randy Alvarez, Nana Kalmakoff and Michelle Ravenmoon present. The clerk asked the committee if they would consider Victor Seybert's absence as excused or unexcused. By consent, the committee declared Assembly member Seybert's absence unexcused. Staff present for the meeting included Lamar Cotten, Borough Manager, Kate Conley, Borough Clerk; Richard Wallace, Finance Officer; Jordan Keeler, Community Development Coordinator, Jim DeWitt, Borough Attorney and Bob Loeffler, Consultant to the Assembly. Others present for all or part of the meeting included Mayor Glen Alsworth, Assembly member Myra Olsen, Planning Commissioner Scott Anderson, Planning Commissioner, Lary Hill, Planning Commissioner Nathan Hill, Adam Sadoski, Anchorage and Stacy Marchesano, Seattle WA.

C. APPROVAL OF AGENDA

Motion was made by Canvass Committee member Anelon to approve the agenda as presented. Motion was seconded by Canvass Committee member Ravenmoon. Motion passed unanimously by voice vote.

D. ELECTION UPDATE

Ms. Conley gave the Canvass Committee an update on the election as follows:
The total number of ballots cast legally was 460

40% of the total ballots cast legally, as required by LPB municipal code to win, was **184.**

This year the Borough mailed ballots to 1190 registered voters. The Borough has received 168 ballots back as non-deliverable. State election law prevents removal of these voters from the voter registration list, but they can be listed as inactive voters for turnout purposes. Removing the non-deliverable ballots leaves the Borough with 1022 active voters in this election.

Of the 1190 ballots mailed to voters, a total of 539 were returned to the Borough. 79 ballots (14.66%) were questioned because they failed to meet all the criteria: voter certification and witnessing affidavit, were postmarked after Election Day, were suspected of tampering or were received after the last day to turn ballots in to the clerk, etc. Voter turnout was 52.74% when calculated by total amount of returned eligible & ineligible ballots divided by active voters.

State law regarding the counting of write-in votes is set forth in AS 15.25.105 - *Entitled Write-in Candidates*. This section addresses the situation in which a person is not nominated through the standard process and the person "wishes to be a candidate in the general election. To have their votes counted, a write in candidate must file a letter of intent no less than 5 days before the election and providing the

information set forth in AS 15.25.105 (a). If this information is not provided, write-in votes for a person will not be counted." No letters of intent were received so no write in votes will be counted.

Jim DeWitt read and passed out a determination by Judge Suddock regarding the last year's Canvass Committee's decision to challenge voters for residency. He read portions of the findings of fact including "The job of the courts in this kind of matter is to divine the intent of the voter – i.e., what does the person consider to be their "lodestar"? Both emotional and physical attachments are relevant considerations." He advised the canvass committee to consider Judge Suddock's ruling when determining each ballot.

E. REVIEW OF CHALLENGED BALLOTS –

The review of challenged ballots began with ballots with no signature. The Canvass Committee reviewed fourteen (14) ballots without a signature. Motion was made by Committee member Kalmakoff to disallow all 14 ballots for lack of a signature. Motion was seconded by Committee member Ravenmoon. Chairman Alvarez called for discussion or public comment. There was none. Motion passed unanimously by voice vote. Fourteen votes were not opened and not counted.

The committee reviewed fifteen (15) ballots without witnessing signatures. The committee inspected all the ballots. Motion was made by Canvass Committee member Ravenmoon to disallow the fifteen ballots without witnessing signatures. Motion was seconded by Committee member Kalmakoff. Chairman Alvarez called for discussion or public comment. There was none. Motion passed unanimously by voice vote. Fifteen ballots were not opened and were not counted.

The Canvass committee reviewed five (5) ballots with only one witnessing signature. Motion was made by Committee member Kalmakoff to disallow the eight ballots for lack of two witnessing signatures. Motion was seconded by Committee member Ravenmoon. Chairman Alvarez called for discussion or public comment. There was none. Motion passed unanimously by voice vote. Five ballots were not opened and were not counted

There were five (5) ballots presented to the committee without a voter ID. Motion was made by Committee member Kalmakoff to disallow the five ballots without voter ID. Motion was seconded by Committee member Ravenmoon. Chairman Alvarez called for discussion or public comment. There was none. Motion passed unanimously by voice vote. Five ballots were not opened and were not counted.

The Committee was asked to review one ballot that had insufficient ID. Motion was made by Committee member Kalmakoff to disallow the ballot of insufficient ID. Motion was seconded by Committee member Ravenmoon. Chairman Alvarez called for discussion or public comment. Ms. Ravenmoon said that the voter had written in his year of birth, but not his date of birth. Motion passed unanimously by voice vote.

The committee inspected three ballots for possible tampering. The first ballot had been opened and resealed with initials written across the tape. Motion was made by Canvass Committee member Ravenmoon to allow the ballot to be counted. Motion was seconded by Committee member Kalmakoff. Chairman Alvarez called for discussion. Ms. Ravenmoon said that initials looked the same as the signature and she felt it was legitimate. Motion passed unanimously by voice vote. The ballot was placed in the pile with the ballots to be counted. The other two ballots both came from the same household and neither had been sealed. Motion was made by

Canvass Committee member Ravenmoon to allow both the ballots to be counted. Motion was seconded by Committee member Kalmakoff. Chairman Alvarez called for discussion. Ms. Ravenmoon said that she felt it was simply an oversight by the voters and that she wished to allow the ballots to be counted. There was no further comment. Motion passed unanimously by voice vote.

Five ballots were presented to the committee for consideration that was postmarked after October 2nd. Chairman Alvarez asked about the rules. Ms. Conley explained that voters must have their ballots in the mail by October 2nd and in the Clerk's office by October 12th. Each of the ballots picked up from the post office after October 2nd are stamped with the date received. Chairman Alvarez said that he is more inclined to think that the October 2nd deadline is less important and as long as the ballot is received in the office by October 12th, it should be allowed. Motion was made by Committee member Kalmakoff to disallow the five ballots because they were post marked after October 2, 2012. Motion was seconded by Committee member Ravenmoon. Chairman Alvarez called for comments. There were none. Motion passed unanimously by voice vote.

The committee then inspected ballots that had been received after October 2, 2012 without a postmark. The clerk explained that these ballots were picked up on October 10th and 13th. While they may have been mailed before October 2, 2012, Election Day, without a postmark it was impossible to tell when they were mailed and therefore they were brought before the Canvass Committee for judgment. Twelve ballots were presented to the committee. Jim DeWitt read a portion of the Judge Suddock's ruling noting that the Borough must not be arbitrary when determining suitability. There was then a discussion of the Post Office stamping the return ballots. Chairman Alvarez said he would be inclined to allow these ballots to be counted. Motion was made by Committee member Kalmakoff to accept all twelve (12) ballots questioned without a postmark received after October 2nd. Motion was seconded by Canvass Committee member Ravenmoon. Chairman Alvarez called for discussion. Committee member Ravenmoon said she believes it appropriate to accept these ballots. She then advised staff to look into redesigning the envelopes to alleviate this problem in the future. Motion passed unanimously by voice vote.

The Committee was then asked to consider those ballots submitted by voters who had been eliminated as voters in the past and had been deemed as residents by Judge Suddock. They first looked at the ballots of Daniel W. Oberlatz. The committee was presented with a packet of information including the past history of voting, the results of an INGENS search and past testimony for Mr. Oberlatz. Mr. DeWitt asked if there were any changes in this information in the past year. Ms. Conley said that a car had been registered on June 22, 2012 and Mr. Oberlatz listed his residence as Anchorage. Adam Sadoski, attorney for Holmes Weddle & Barcott, asked if there were any other changes. Mr. DeWitt said that per Judge Suddock, the Canvass Committee has to accept the ballot unless there is a change since the trial. Chairman Alvarez noted that this is not a substantive change because the residence listed is the same address he was using last year. Motion was made by Committee member Ravenmoon to allow the ballot because nothing had changed for Mr. Oberlatz in the last year regarding his residence. Motion was seconded by Committee member Kalmakoff. Chairman Alvarez called for comments, there were none. Motion passed unanimously by voice vote. Ms. Conley passed out a packet of information that included the voting history of Mr. Raymond F. Peterson, the research from INGENS and past testimony regarding Mr. Peterson. Jim DeWitt asked if there was any material change in Mr. Petersen's residency in the past year. Ms. Conley said that there was not any change. Motion was made by Committee

member Kalmakoff to accept the ballot of Mr. Raymond Petersen because there was no change in his residency in the past year. Motion was seconded by Committee member Ravenmoon. Chairman Alvarez called for discussion. There was none. Motion passed unanimously by voice vote.

The Committee then considered the ballots questioned for residency. The Clerk explained that if a ballot was mailed to an address outside the Borough and returned from an address outside the Borough, the ballot was then questioned. The ballots were addressed alphabetically.

Bat D. Anders – The committee inspected the ballot and the packet of information presented by the clerk. The clerk quickly summarized Mr. Anders' voting history and INGENS search. Chairman Alvarez noted that Mr. Anders has not voted in the past or in the State before voting last year in the LPB election. If he hasn't voted before, Chairman Alvarez said, he would question the intent. There was some discussion about Mr. Anders' ties to the borough. Motion was made by Committee member Kalmakoff to disallow the ballot cast by Bat D. Anders because the ballot was not in line with Judge Suddock's direction. Motion was seconded by Committee member Ravenmoon. Chairman Alvarez called for comment. There was none. Motion passed unanimously by voice vote. Bat D. Anders's ballot was not opened and was not counted.

Charisse M. Arce – The committee inspected the ballot and the packet of information presented by the clerk. The clerk summarized Ms. Arce's voting history and INGENS search. She then added her personal knowledge that Ms. Arce is in law school in Seattle and her family lives in Iliamna. Mr. DeWitt directed the committee to consider Judge Suddock's standards and whether they would allow for the counting of this ballot. Chairman Alvarez stated that if a person is going to college or school, if they want to maintain their voting with their childhood home, that that should be permissible. Motion was made by Committee member Ravenmoon to allow the ballot by Charisse M. Arce to be counted. Motion was seconded by committee member Kalmakoff. Chairman Alvarez called for discussion. There was none. Motion passed unanimously by voice vote. Charisse M. Arce's ballot was placed in the pile of ballots to be opened and counted.

Eugenie M. Bryant – The committee inspected the ballot and the packet of information presented by the clerk. Ms. Conley summarized the information adding that it appears Ms. Bryant has been registered in Lake and Peninsula Borough for several years and may have once lived in Iliamna. Her ballot was disallowed in 2010 and she did not contest the decision. She did not vote in 2011. Motion was made by Committee member Ravenmoon to disallow the ballot by Eugenie M. Bryant. Motion was seconded by Committee member Kalmakoff. Chairman Alvarez called for discussion. There was none. Motion passed unanimously by voice vote. Eugenie M. Brants's ballot was not opened or counted.

Ruby C. Carlson-Larson – The committee inspected the ballot and the packet of information presented by the clerk. Ms. Conley summarized the information noting that it appears Ms. Carlson-Larson has lived in California for a long time. She owns a dental practice there. Committee member Kalmakoff said that she knows the voter and that she has not been to Chignik in a long time. Per the ruling, that would indicate a lack of emotional or physical attachment. Motion was made by Committee member Kalmakoff to disallow the ballot of Ruby C. Carlson-Larson. Motion was seconded by Assembly member Ravenmoon. The Chairman called for testimony. There was none. Motion passed unanimously by voice vote. Ruby C. Carlson-Larson's ballot was not opened or counted.

Margaret A. Clum – The committee inspected the ballot and the packet of information presented by the clerk. Ms. Conley summarized the information stating that Ms. Clum had phoned and said she registered on September 2, 2012. Chairman Alvarez remarked that he knows Ms. Clum and she grew up in Port Alsworth. She lived there a long time and many of her family still live there. He added that if the committee is required to apply Judge Suddock's ruling that it is likely that Ms. Clum has emotional ties to the area. Motion was made by Committee member Ravenmoon to allow the ballot of Margaret A. Clum. Motion was seconded by Committee member Kalmakoff. The Chairman called for testimony. There was none. Motion passed unanimously by voice vote. Margaret A Clum's ballot was placed in the pile of ballots to be opened and counted.

Charles G. Hornberger - The committee inspected the ballot and the packet of information presented by the clerk. Ms. Conley summarized the information stating that Mr. Hornberger's ballot had been disallowed in 2010 due to residency and he called afterward and was very upset. While he did not challenge the decision, he did state that he owns a primitive cabin near Port Alsworth without water or electricity. He would prefer to live there year round but his wife does not, so they own property in Anchorage where they live during the winter months. Chairman Alvarez stated that Mr. Hornberger was a teacher in Naknek and lived in a house in Port Alsworth for years. Per the criteria, he would judge that Mr. Hornberger has physical and emotional attachments to the Borough. Committee member Ravenmoon agreed that the voter has property and family in the Borough. Motion was made by Committee member Ravenmoon to allow the ballot of Charles G. Hornberger. Motion was seconded by Committee member Kalmakoff. The Chairman called for testimony. There was none. Motion passed unanimously by voice vote. Charles G. Hornberger's ballot was placed in the pile of ballots to be opened and counted.

Norman M. Jacko – The Committee inspected the ballot of Norman M. Jacko and the information packet presented by the clerk. Ms. Conley testified that Mr. Jacko has voted since 2009, and has listed his address as Arkansas for those three years. His ballot was disallowed in 2010 and 2011 and he did not challenge the decision. Committee member Ravenmoon stated that she knows Mr. Jacko is on one of the village corporation boards and she was recently on a trip with him. If he is sitting on a corporation board he must have a physical or emotional attachment to the Borough. Motion was made by Canvass Committee member Ravenmoon to allow the ballot of Norman M. Jacko. Motion was seconded by Canvass Committee member Kalmakoff. The Chairman called for testimony. There was none. Motion passed unanimously by voice vote. Norman M. Jacko's ballot was placed in the pile of ballots to be opened and counted.

Cindy M. Stevens – The Committee inspected the ballot of Cindy M. Stevens and the information packet presented by the clerk. Ms. Conley testified the she did know Ms. Stevens as the clerk for the City of Chignik. Ms. Conley stated that when Ms. Stevens left she stated she would like to continue to work in Alaska as a clerk. The committee asked if Ms. Stevens owned a house in Chignik. Ms. Conley said that one of the reasons Ms. Stevens cited for leaving was the poor conditions in the house she was assigned by the City to live in. Ms. Stevens was not from Chignik and did not have any family in Chignik. Committee member Kalmakoff said that if this person does not have family in Chignik and does not own property there and had moved there only for the job and then left the job and the Borough to move out of state, the test of emotional or physical ties are pretty weak. She said that saying she would like to return to Alaska is not the same as having an emotional tie to the

Borough. Motion was made by Committee member Kalmakoff to disallow the ballot of Cindy M. Stevens. Motion was seconded by Committee member Ravenmoon. Chairman Alvarez called for testimony. Committee member Ravenmoon said she just did not see enough physical or emotional attachment but Ms. Stevens is welcome to contest if she cares to. Motion passed unanimously by voice vote. Cindy M. Steven's ballot was not opened or counted.

Kimberly J. McKennett- Ms. McKennett's ballot had been lumped in with the ballots which were received after October 2, 2012, but which did not have a postmark. While those were allowed as a group, Ms. McKennett's was pulled by one of the committee members to be questioned for residency. Ms. Conley testified that she did not prepare a packet for this person, but she did know that a ballot from the same address but a different first name was disallowed last year because the voter had added a note saying she no longer lived in the Borough. Committee member Ravenmoon said she recognized the name as the daughter of one of the teachers in Port Alsworth and this person was either in college or the military. The address was from Virginia. Chairman Alvarez said that school or military service was a legitimate reason to be away from the Borough and that this person still had family in the Borough. Motion was made by Committee member Ravenmoon to allow the ballot of Kimberly J. McKennett. Motion was seconded by Committee member Kalmakoff. Chairman Alvarez called for testimony. There was none. Motion passed unanimously by voice vote. Kimberly J. McKennett's ballot was placed in the pile to be opened and counted.

F. TALLY OF ABSENTEE BALLOTS – Ms. Conley said there are two ballots that were voted absentee in person and seven that voted absentee by fax. She explained that all absentee ballots are question ballots per code.

Michelle E. Ravenmoon – Kate Conley testified that Ms. Ravenmoon voted in person because she was afraid she may not receive her ballot mailed to Port Alsworth as she now lives in Pope Vannoy. Ms. Ravenmoon excused herself from the Canvass Committee and testified that she is a lifelong resident of Lake and Peninsula Borough. Motion was made by Committee member Kalmakoff of allow the absentee ballot of Michelle E. Ravenmoon. Motion was seconded by Committee member Alvarez. Chairman Alvarez called for discussion. There was none. The motion passed by voice vote with two ayes and Committee member Ravenmoon abstaining. The ballot of Michelle E. Ravenmoon was placed into the pile to be opened and counted.

Aurther G. Woinowsky – Kate Conley explained that Mr. Woinowsky also voted in person. He was planning to be out of town for the coming month and would not be home to get his ballot. Mr. Woinowsky serves on the Planning Commission. Motion was made by Committee member Ravenmoon to allow the ballot of Aurther G. Woinowsky. Motion was seconded by Committee member Kalmakoff. Chairman Alvarez called for discussion. There was none. The motion passed unanimously by voice vote. The ballot of Aurther G. Woinowsky was placed in the pile to be opened and counted.

Elia J. Anelon – Kate Conley explained that Mr. Anelon requested a fax ballot because he did not receive his mailed ballot. Mr. Anelon is on the voter role. Additionally, there are two Elia J. Anelon's on the voter registration list, but they have different addresses and dates of birth. Mr. Anelon said that the other Elia is his grandfather. His grandfather did vote, but his signature is significantly different and he provided different ID. Motion was made by Committee member Ravenmoon to allow the faxed ballot of Elia J. Anelon. Motion was seconded by Committee

member Kalmakoff. Chairman Alvarez called for discussion. There was none. Motion passed unanimously by voice vote. The faxed ballot of Elia J. Anelon was placed into the pile of ballots to be opened and counted.

John S. Bragg, Jr. – Kate Conley passed around Mr. Bragg's faxed absentee ballot request. She testified that Mr. Braggs ballot was returned marked "NOT DELIVERABLE AS ADDED, UNABLE TO FORWARD," however the ballot was sent to PO Box 441 Pilot Point. Mr. Bragg is a health aide for Bristol Bay Area Health Corporation and is often moved around. He is now working at the Egegik Clinic. Committee member Kalmakoff testified that she knows Mr. Bragg and he does work at the clinic in Egegik. Motion was made by Committee member Ravenmoon to allow the ballot of John S. Bragg, Jr. Motion was seconded by Committee member Kalmakoff. Chairman Alvarez called for discussion. There was none. The motion passed unanimously by voice vote. The ballot of John S. Bragg, Jr. was placed in the pile to be opened and counted.

Roland Briggs – Kate Conley passed around Mr. Briggs' faxed absentee ballot request. She testified that Mr. and Mrs. Briggs had called and requested faxed ballots because their ballots did not arrive. She explained that all ballots sent to Ugashik were returned to the Borough's post office box. When the post office was questioned about how that could happen, they explained that the zip code 99613 is for King Salmon as well as Ugashik and Igiugig. They could only say it was human error. It has been surmised that the mail was originally sent to Igiugig and returned to King Salmon where it was placed back in the Borough post office box rather than routed to Ugashik. This is really unfortunate and it was not realized by Ms. Conley until October 3rd. Of the eleven voters in Ugashik, four requested absentee ballots and three were able to vote. Historically, four people from Ugashik vote each year, so the turnout is not much different, but the error was regrettable and steps will be taken next year to avoid the same events. Ms. Conley also pointed out that while the ballot was sent to an address outside the Borough, it was returned from Ugashik. Motion was made by Committee member Ravenmoon to allow the ballot of Roland Briggs. Motion was seconded by Committee member Kalmakoff. Chairman Alvarez called for discussion. There was none. The motion passed unanimously by voice vote. The ballot of Roland Briggs was placed in the pile to be opened and counted.

Victoria Briggs – Kate Conley passed around Ms. Briggs' faxed absentee ballot request. She testified that Ms. Briggs is the wife of Mr. Briggs whose ballot was just reviewed by the Committee. Chairman Alvarez said he knows Roland and Victoria. Motion was made by Committee member Kalmakoff to allow the ballot of Victoria Briggs. Motion was seconded by Committee member Ravenmoon. Chairman Alvarez called for discussion. There was none. The motion passed unanimously by voice vote. The ballot of Victoria Briggs was placed in the pile to be opened and counted.

Sunflower D. Delkittie – Kate Conley passed around Ms. Delkittie's faxed absentee ballot request. She testified that Ms. Delkittie had called and requested a faxed ballot because she works in Iliamna and would not be home in Nondalton to get her ballot. Motion was made by Committee member Ravenmoon to allow the ballot of Sunflower D. Delkittie. Motion was seconded by Committee member Kalmakoff. Chairman Alvarez called for discussion. There was none. The motion passed unanimously by voice vote. The ballot of Sunflower D. Delkittie was placed in the pile to be opened and counted.

Leo W. Fowler – Kate Conley passed around Mr. Fowler's faxed absentee ballot request. She testified that Mr. and Mrs. Fowler e-mailed and requested faxed ballots, but only Mr. Fowler's was returned. She added that Mr. Fowler is currently doing missionary work in Africa. Chairman Alvarez said he knows the Fowlers. Committee member Ravenmoon added that she also knows the Fowlers and they have property and family in the Borough. Motion was made by Committee member Ravenmoon to allow the ballot of Leo W. Fowler. Motion was seconded by Committee member Kalmakoff. Chairman Alvarez called for discussion. There was none. The motion passed unanimously by voice vote. The ballot of Leo W. Fowler was placed in the pile to be opened and counted.

Aloys Kopun, Jr. – Kate Conley passed around Mr. Kopun's faxed absentee ballot request. She testified that Mr. and Mrs. Kopun both requested faxed ballots. The Kopuns' ballot both were returned from Chignik marked "RETURN TO SENDER NO LONGER HERE." Committee member Kalmakoff said she knows the Kopuns and they live in the Bay in the summer and Mrs. Kopun watches her elderly parents in the winter in Anchorage. Motion was made by Committee member Kalmakoff to allow the ballot of Aloys Kopun, Jr. Motion was seconded by Committee member Ravenmoon. Chairman Alvarez called for discussion. There was none. The motion passed unanimously by voice vote. The ballot of Aloys Kopun, Jr. was placed in the pile to be opened and counted.

Arlene G. Kopun – Kate Conley passed around Mrs. Kopun's faxed absentee ballot request. She testified that Mrs. Kopun is married to Aloys Kopun, Jr. whose ballot was just reviewed. Motion was made by Committee member Kalmakoff to allow the ballot of Arlene G. Kopun. Motion was seconded by Committee member Ravenmoon. Chairman Alvarez called for discussion. There was none. The motion passed unanimously by voice vote. The ballot of Arlene G. Kopun was placed in the pile to be opened and counted.

David V. Clum – Kate Conley passed around Mr. Clum's faxed absentee ballot request. She testified that Mr. Clum is being questioned for two purposes: faxed ballot and residency. Mr. Clum's mother called on September 19th and explained that she and her son had both registered to vote on September 2nd and she received her ballot, but her son had not. The clerk checked and his name was not on the voter list which was received from the State on September 11, 2012. After a discussion with the State it was determined that the original list did not have Mr. Clum's name on the list because it was submitted on the day of the deadline and had not yet been input. A letter to the clerk from the State Election Supervisor included "rest assured, Mr. Clum's voter registration date was September 2nd, therefore he is eligible to vote in your election."

In addition, Mr. Clum's faxed ballot was sent to Anchorage and was returned from Anchorage, and for this reason his ballot is questioned for residency. She then presented a packet of information. Chairman Alvarez said he knows Mr. Clum. He is a pilot and he has family in Port Alsworth. Motion was made by Committee member Ravenmoon to allow the ballot of David V. Clum. Motion was seconded by Committee member Kalmakoff. Chairman Alvarez called for discussion. There was none. The motion passed unanimously by voice vote. The ballot of David V. Clum was placed in the pile to be opened and counted.

G. TALLY OF BALLOTS BY MAIL

Ms. Conley informed the Canvass Committee that the ballots and were ready to be opened and tallied. The ballots were opened and the voter's options announced for all to tally. There were no notable incidents while tallying ballots.

H. UNOFFICIAL ELECTION RESULTS

ASSEMBLY SEAT B:

Lorene (Sue) Anelon	166	
Nathan L. Hill	95	
Christina Y. Salmon		215

ASSEMBLY SEAT E:

John I. Christensen, Jr.		185
Myra J. Olsen	268	

ASSEMBLY SEAT G:

Glen R. Alsworth, Sr.	345	
George Jacko, Jr.		131

SCHOOL BOARD SEAT B:

Lisa Natwick		438

SCHOOL BOARD SEAT F:

Gerda Kosbruk		417

I. ADJOURNMENT

Ms. Conley informed the Assembly that the election would be certified at the October 22, 2012 Special Assembly Meeting via teleconference at 5:30 pm from King Salmon. Motion was made by Canvass Committee member Ravenmoon to adjourn the Canvass Committee Meeting. Motion was seconded by Assembly member Kalmakoff. Meeting was adjourned by consensus at 3:45 pm

Glen Alsworth, Sr., Mayor

Kate Conley, Borough Clerk

November 15, 2012
