FINAL

The total number of ballots cast legally was 248. 40% of the total ballots cast legally, as required by LPB municipal code to win, is **100**.

This year the Borough mailed ballots to 1198 registered voters. The Borough has received 149 ballots back as non-deliverable. State election law prevents removal of these voters from the voter registration list, but they can be listed as inactive voters for turnout purposes. Removing the non-deliverable ballots leaves the Borough with 1049 active voters in this election.

Of the 1198 ballots mailed to voters, a total of 248 were returned to the Borough. 33 ballots (13.30%) were questioned because they failed to meet all the criteria: voter certification and witnessing affidavit, were postmarked after Election Day, were suspected of tampering or were received after the last day to turn ballots in to the clerk, etc. Voter turnout was 23.62% when calculated by total amount of returned eligible & ineligible ballots divided by active voters.

State law regarding the counting of write-in votes is set forth in AS 15.25.105 - *Entitled Write-in Candidates*. This section addresses the situation in which a person is not nominated through the standard process and the person “wishes to be a candidate in the general election. To have their votes counted, a write in candidate must file a letter of intent no less than 5 days before the election and providing the information set forth in AS 15.25.105 (a). If this information is not provided, write-in votes for a person will not be counted.” No notices were received by the Borough Clerk; therefore, write-in votes will not be counted.
