Re: Manager's Report

Since the last time we met I have remained in contact with members of the assembly, staff, consultants, agencies, and residents of our Borough.

From late June to mid-July I took leave to participate in the Bristol Bay commercial salmon harvest. During this time, I worked a little and fished a lot.

Upon announcement of price per pound I immediately pulled up my net and got back to doing more Borough work while putting the fishing gear away for the winter.

Currently, I am keeping my finger on the pulse of the many projects we have either applied for funding or have underway, catching up with our team and other folks involved.

I look forward to reporting in at the August meeting.
